

Teachers,

Attached please see the 2017-2018 bell schedule.

As you know, over the past few months there has been much discussion about the bell schedule. You will see that we will have a 6-day rotation where the first two days are four periods of 75 minutes. The next four days have six 50 minute classes. Each day has time for either intervention, PLP, or activity block.

There may be some very minor adjustments to times for lunch or I/E or placement of PLP but the overall structure of the bell schedule is set for the 2017-2018 year.

A much neater version will be produced in the near future, but for now I just wanted you to see that a decision was made.

Jose
